

## **Spare Part Supplies**

In case you want to repair your winch, our large stock of spare parts is at your disposal.

Most of the orders that we receive in the morning, can be delivered the same day. If you wish to collect the parts, we recommend to make a date.

All winch manuals contain drawings and lists of the winch parts.

You can see and print the manuals of winches to EN 14492-1 on our website.

If you do not have the manual of an older winch at hand, please ask our spare parts service. It is our pleasure to help you.
